frontier beyond Demirbaza Pass and Strumitsa station, where furious fighting is proceeding on the east bank of the River Vardar. The Bulgarians are holding strong positions on the heights protecting their own frontier. This is the only place where they are offering much resistance.

Beginning with tomorrow speakers with bands of music will visit all industrial plants and after getting the crowds together they will tell the men of the great importance making this demonstration and show them it is not nearly so

MRS. LAMAR LEGER (DAUGHTER OF MRS. CHANDLER, MRS. JOHN GERLACH, B. KURTZ, H. G. SUDHAM AND A. PAPADAKIS)

The committee above named will meet tomorrow afternoon at 2 o'clock at the Chamber of Commerce rooms for permanent organization.

MRS. LAMAR LEGER, formerly of this city, now residing with her husband at 2225 near Santa Rosa, is visiting at the home of Mr. and Mrs. Jesse Jones, 2125 Sixth street.

HALF A MILLION

Since the beginning of the War these banks have bought \$500,000.00 worth of U. S. Treasury Certificates. We now hold in various U. S. Government securities over \$390,000.00.

These investments bring a lower return but it is our policy to help the Government in every way possible by purchasing U. S. Securities to win the war.

LIBERTY OF NEWSPAPERS

The newspapers of Richmond, we understand, have each contributed a page of advertising to the Fourth Liberty Loan drive. In addition to the many pages of reading matter they have and will contribute before the campaign is completed and the books will have been closed. Is there any one institution of like capital and business output in the community that is as liberal in its donations?

During the first Loan drive the Record-Herald contributed \$182 in advertising space and something above that amount in boost reading matter. The second drive the advertising space fell a little short of the above figures, and during the third it was about the same. In round figures say each one of the Richmond newspapers has donated to the community and the government so far about \$1500 in the great advertising campaigns for raising money to help win the war. Are there any other institutions in this city or any other city who have done as much?

There are some who have bought a lot of bonds, but a person who has them money does not deserve a great deal of credit for making a profitable investment. He is simply putting his money out in a safe way and in a manner where he can evade all taxation as long as he holds the bonds. He does not deserve a great deal of commendation, but the newspaper gives its labor and the labor of the men in its employ without price or hope of reward in any way. The money is gone in a good cause, of course, but as far as the newspaper is concerned it does not get anything in this way of interest or does it ever realize on the principal.

One of the Richmond factory heads—a man who represents big business—said the other day when approached by a representative of the publicity campaign committee: "Why don't the damn newspapers of the town contribute this advertising space? They shouldn't be paid for doing this work for the government!" The newspapers might ask why don't that man's company contribute to the government the hundreds of thousands of dollars worth of goods he is selling to it at exorbitant prices? What is the difference in the goods—one is advertising space, the only thing a newspaper has to sell, and in the other instance it is some sort of commodity.

THE AMERICANS ABROAD.

The flabby old days of the pompous American parvenu touring in Europe have passed let us hope, not into but out of the memories of our national Allies in the war. It may be that in some aspects of our contact with foreign peoples we have been, as well as seemed, the boy huggers of the nations. Many of our tourists abroad have given flagrant proof of the ostentatious vanity of the unsophisticated boomer, the unpurged bourgeois, the rich vulgarian.

But for many months past we have been sending a wholly different kind of "tourist abroad." Gen. John J. Pershing in their modest and efficient, and although most of them are boyish enough assertive enough and quite conscious of their importance as Hun hunters, many of them are of the same staunch fiber, the same truly American mettle, the same alert but decorous mentality which distinguishes the head of our American expeditionary forces. Others,

less typical of our national characteristics and attainments, but possessed of the same potentialities, are modeling their conduct, directing their viewpoint and forming their character in conformity with the gracious reticence, the catholicity of vision and the modesty of power constantly displayed by General Pershing and the vast majority of the American officers in command.

That Pershing is alive to the big opportunity and need of giving the people of France, England, Belgium and Italy a new and true understanding of qualities and dispositions, he has quietly and firmly enforced requirements of politeness, unobtrusiveness and nurtured self-restraint on all of his subordinates and comrades of the expedition. Even now you will have noticed that the brevity of his daily reports, the calmly sophisticated poise of his demeanor under heroic surroundings, are speaking a sort of gratified astonishment from the English press. And yet Pershing is only living, working and fighting after the truest and most precious traditions of every genuine American as we at home know him and appraise him. Europe is having a fine opportunity to observe us—Yankees—as we really are, not as they have mistakenly judged us by fabulous specimens of tuff hunting tourists.

FARMERS AS LAWMAKERS.

There are only five farmers in the United States House of Representatives out of a total of 435 members. Eight representatives are from the ranks of labor, 285 are lawyers, 68 are business men and 40 are in professions outside of the law.

The farmer produces most of the food we eat. In the past this job has kept him so busy that he has had no time for diversions. The making of laws to properly distribute the food produced and profits collected therein the farmer has left to the other fellow.

One hundred years ago the House of Representatives was nearly all farmers. They have gradually come down to five. They are nearly run out and what is the use of farmers anyway in legislation? The other fellow says to farming. So said the Egyptians to their slaves, the Romans to their slaves, and the Kaiser to his brutalized and bullied people. They have all failed. The use of farmers in legislation is the need of those in making the laws of the country by those who own the country's homes. Those who own these homes may be trusted to make the laws irrespective of class or kind.

THE COMING TEST.

America stands on the threshold of a great adventure and a great test.

Adventure abroad—where our army is poised for a plunge into territory long held as German soil—a plunge through what must be the flower of Germany's troops if the Kaiser is not at once to concede defeat.

A sacrifice test abroad—since our first American army, released from the tutelage of French and British war experts, must pit its own newly acquired skill against the Boche past-masters. Glorifying in the valor revealed at Cantigny and Chateau Thierry, secure in the strength of the millions of other Americans hurrying to the battle front, our army

is impatiently and confidently awaiting the issue. America at home faces as great a challenge in the Fourth Liberty Loan, and as great a test.

The huge size of the loan—whether for six or eight billion dollars—outstrips all precedent—thrills our imagination and rouses us to our most extreme efforts that it may be "put over" in the shortest time set.

A searching test—since it will reveal inexorably just how much in earnest at home it is in its desire to crush autocracy into the mud of this winter's battlefields.

Germany will laugh at more than the allotted three weeks is required to raise the minimum sum called for.

Germany will tremble at the news of an over-subscription in less time.

The loan is not a large one when the huge resources of the United States, \$250,000,000, are considered. The over-subscription of the Fourth Liberty Loan will require less than a fifth of the annual income of the country, now estimated at \$50,000,000,000.

Subscribe YOUR share of the Fourth Liberty Loan on September 28.

CALIFORNIA PUTS BAN ON HUN BUILT TEXT BOOKS

SACRAMENTO, September 24.—Following the recommendation of Will C. Wood, Commissioner of Secondary Education and the investigating committee of history experts the State Board of Education has banned the following history textbooks as unfit because of their treatment of Germany: Botsford "Brief History of the World," Myers "Medieval and Modern History," Robinson "Medieval and Modern Times," Robinson and Beard "Outlines of European History Part II" and Myers "General History."

The formal recommendation as read by Commissioner Wood and adopted by the State Board reads: "These texts are so unsatisfactory that they should be barred from the schools until they have undergone a revision." Of the Myers texts the report said: "The account of the struggle with the Prussian Parliament is almost laudatory. The account of the Franco-Prussian War and of questions affecting Alsace and Lorraine is written from the German viewpoint."

Of the Robinson texts the report read: "Among their defects they ascribe to other nations, notably France, blame for a European situation traceable to German militarism and a German policy of aggression." The State Board approved of the following Modern European history books as fit to be used in California high schools during war times: Cheyney "Short History of England," Andrews "Short History of England," Harding "New Medieval and Modern History, 1918 Revision" and West "Modern World."

Following a vigorous protest filed by the Fathers of Soldiers and Sailors League, a patriotic society in Southern California, the Board conditionally approved the 1918 revision of Robinson "Medieval and Modern Times," the proviso being that this revision undergo still further changes. Geo. W. Stone, a member of the Board, has drawn up a list of these required changes which the publishers must meet before the book will be allowed on the state list of approved texts.

The Fathers of Soldiers and Sailors League in its protest maintained that in view of the banning of the 1916 editions of the Robinson texts, the approval of the 1918 revision would be a reward for enforced seventh hour patriotism. The League stated that the revision was not made until protests from patri-

otic societies all over the United States against the Robinson texts had forced the publishers to make a belated change of front.

School authorities all over the state will receive the news of the action of the State Board with relief as most of them have held up purchasing modern history texts until the Board had finished its official investigation for German propaganda.

GREAT DOUBLE BILL AT THE RICHMOND

On the big double bill at the Richmond Theater today and tomorrow Vivian Martin will appear in "Unclaimed Goods," one of the newest Paramount pictures. The other picture will be famous baseball feature "One Touch of Nature."

Photographic effects of genuine beauty are to be found in "Unclaimed Goods," in which Vivian Martin appears. The rising town scenes are realistic and some beautiful shots of the Western country greatly enhance the charm of the picture. J. C. Van Trees is responsible for the photographic work in "Unclaimed Goods," and he has, to use a colloquialism, "done him proud."

ONLY 11 MORE DAYS FOR REGISTRATION

There are but eleven days in which to register, if you would vote at the November election. If you have not yet done so, you should call on some registrar and see that your name is on the great register with all the data necessary to qualify you as a voter.

October 25 is the last day of grace and it after reading this you do not do your duty, you will have no kick coming, for we are giving you fair and square warning now.

THOMAS HAD TO GIVE UP HIS HOME

Spent All He Had In Search For Health—Tania Brings Relief.

"I spent everything I had, during my fifteen years of sickness, and never found anything to help me as much as Tania. As in the past three weeks," declared Elmer E. Thomas, a well known employee of the Oregon Ship Lumber Mills, living at 47 East Ninth street, Portland, recently.

"If I should tell all the trouble I have had from bad health," he continued, "it would take hours to write it down. My first illness was a very stubborn spell of typhoid fever, which left my stomach in such a bad fix that I could hardly digest anything. Most of the time my food would just lay in my stomach like rocks and ferment, and the gas from it would press on my heart and cause it to beat like a trip hammer. One time I was operated on for appendicitis, and I also suffered from intestinal trouble and disordered kidneys. I also had rheumatism, which seemed to affect my whole body. My joints and muscles especially were swollen and extremely painful. I often had headaches, which were so bad at times I could hardly see. I was unable to work so long that I had to give up my home, and spend everything I had for medicines and other expenses."

"I tell you I must have a cast iron constitution or I would have been dead long ago, and when I look back now on what I went through, I don't see how I stood it at all, but Tania has put me back on my feet, and has astonished me, as well as all who knew my awful condition. Actually I don't have an ache or pain, and you may know I feel like a brand new man. My appetite is so big I can hardly get enough to eat, and everything seems to agree with me perfectly. Before I began on Tania, I was almost a nervous wreck, and would lay awake for three or four nights at a time without sleeping a wink, but now I sleep like a log. My kidneys and bladder don't bother me any more, and every sign of the rheumatism is gone. By the aid of Tania Tablets I have been relieved almost entirely from constipation and I never have a headache. My friends who have watched me for the last few years, and knew my condition are now asking me what I have been taking, or doing, to make such a big change. I am now putting in full time at the lumber mills and am steadily improving all the time. I gladly recommend Tania to everybody."

Tania is sold in Richmond by F. B. Lamotte, in Antioch by H. J. Shuman, in Crockett by J. Civiletti, in Pittsburg by Regal Pharmacy, and in Platte by E. K. & H. Dunlap.—Advertisement.

CHICHESTER'S PILLS

Not One Chinese In Ten Thousand Has Constipation

accept a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PILL. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, the patient becomes a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor fellow has a man, the physician will usually tell him that his trouble is a pill; if a woman, that it is female trouble. FOCH, MARSHAL OF FRANCE, AND GEN. PERSHING

"At the hour when the enemy counted upon imposing a German peace upon us, General Foch and his admirable troops vanquished him." These were the words with which Premier Clemenceau, the "Tiger of France," accompanied the bestowal upon General Foch of the ancient and honorable title of Marshal of France in recognition of the halting of the German drive by the allied chief commander.

All the world knows of the gallant conduct of American troops, distributed along the front line under the orders of General Pershing, in the great battles which ended the Hun advance.

The next German drive will be toward the Rhine. YOU can have a share in it by buying Fourth Liberty Loan Bonds.

SCINTILLATING BILL AT THE OAKLAND ORPHEUM

"Where Things Happen," the sensational "Flash Drama" created by Emily Ann Weiland, and whereto, by a remarkable invention in stage lightning, lighting, thoughts are "caught" as it were, in transition, continues to draw at the Orpheum, where it heads the second of the season's vaudeville bills.

"Where things happen" is a powerful story of "Over There," presented in "Flashes." The characters appear and disappear, as if by magic, one phase of the story after the other being thus "flashed" on the consciousness of the audience. It is not only a masterpiece in electrical stage effects, but a powerful story, powerfully acted, which the novel setting enhances.

Alla Moskova, celebrated Russian danseuse, and her heavy of fair artists, present not only beautiful dances and spectacular creations, but also her dainty "photo Minstures of the Drama." These are a distinct innovation to the stage, and Alla Moskova, a famous beauty, offers them in more than usual pleasing style.

Wilfred Clarke, famous face, offers his own play, "His Real Trouble," as the laughing feature of the week's bill. It is an original bit of nonsense with some neat comedy situations. Lou Holtz, "Father's Joy Boy" adds more laughs to the bill, as do the Leighton brothers, with their music and comedy conglomeration. The Misses Campbell and Shaw, in "Moments Musical," Phillip Bedy and his company on the high wire, a Pathe News and Christie Comedy round out the bill. Another brilliant bill of novelties is promised for next week, in conformity with the Orpheum policy that every act playing San Francisco

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a **SERIOUS** power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

HUN CHANCELLOR DECLARES AMERICANS ARE WAR MAD

AMSTERDAM, September 25.—Count von Hertling, the German imperial chancellor, in addressing the Reichstag main committee yesterday, complained of the lack of attention his acquiescence in the fourteen points laid down by President Wilson as peace essentials had met from the American executive.

The chancellor asserted that on February 22 of this year he declared in the Reichstag his agreement in principle with the possibility of discussing a general peace on basis of the fourteen points of President Wilson's message of February 2, but that President Wilson, neither at that time or since, had taken notice of the chancellor's declaration.

Count von Hertling continued by declaring that he favored the formation of a league of nations, the promotion of universal, successive disarmament in equal proportion, the establishment of obligatory courts of arbitration, the freedom of the seas and the protection of small nations.

SAYS U-BOATS WINNING.
Count von Hertling declared that the submarine warfare is slowly but surely diminishing allied tonnage.

"Above all," he said, "it is restricting the transportation of reinforcements of men and material from the United States."

"We have never concealed the fact," said Chancellor von Hertling in the course of his address, "that all thoughts of conquest were far from our minds. But how do things stand on the opposite? If one credits the utterances of the enemy,

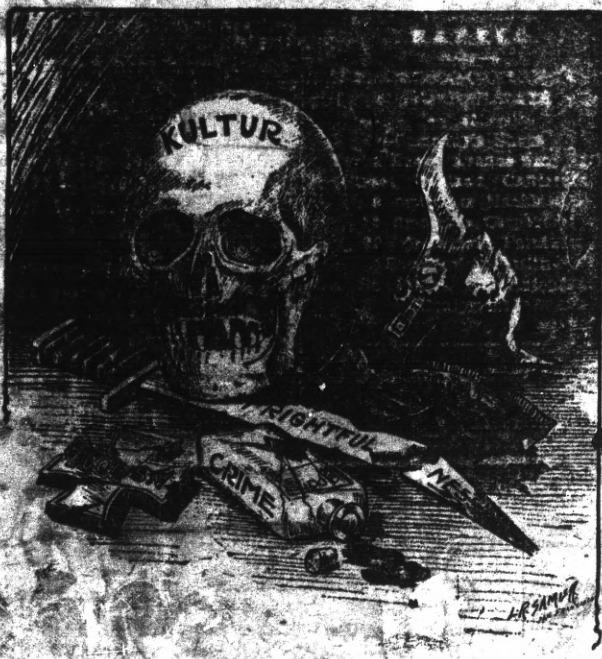

official and unofficial, they only desire to repel a Germany which in criminal arrogance is striving for world hegemony; to fight for freedom and justice against German imperialism and Prussian militarism."

ACCUSE DEAD KING.
"We know better. The world was prepared years ago by the well known encircling policy of King Edward. In France there arose extensive war literature which referred to impending war with Germany. Austria-Hungary's influence in the Balkans was to be eliminated. The Russian expansion movement, and the pan-Slavic idea demanded it. The match was not put to the powder by the Prussian military party, but while the German emperor, up to the last moment, was endeavoring to preserve peace, the Russian military party put through the mobilization against the will of the weak czar and thereby made war unavoidable."

HAS BEAUTIFUL NEW STORE.

The new Clothes Shop for Women of L. Garfinkle on Macdonald avenue, between Sixth and Seventh streets is one of the finest establishments of its kind around the bay and would be a credit to San Francisco or Oakland. And the stock of goods he is carrying is equally as up to date as the store. The Record-Herald predicts that Garfinkle will do well in his venture, for he is an excellent man in every way and his methods are of the most modern character.

Scrapped by the Allies

Confronted with the menace of a power which knew no law but its own brutal pleasure, America had no course but to add its strength to the battle which should establish for some centuries that might is not right. On no other basis will peace last. With every fiber of the national being aquiver with war effort, are YOU contributing the full measure of your support? Let your answer be loud and clear at the next opportunity, which is the Fourth Liberty Loan. Nothing but MORE THAN YOU CAN AFFORD will be an honest answer.

WHIST PARTY FOR PARISH HOUSE TOMORROW EVE

Tomorrow night is the time of the great whist party at St. Paul's Hall in San Pablo, preparations for which have been under way for a long time. The committee having matters in hand, headed by Mrs. Mary Lacey, have made all arrangements and they are able at this time to assure the people that they will have a splendid time and that they will not be sorry they saved the date in order to be present.

There are many valuable prizes for the great event and the best players will get them, of course. Then there will be a program and plenty of refreshments for everybody afterward.

The idea of giving this whist party is to raise money for repairing or building a new parish house. The house that Father Porta is compelled to live in has long since passed its days of usefulness. Not only is it old, but shabby as well. It must be repaired or a new one built. So the ladies are going to give a lot of entertainments to raise money for building or repairing, they don't know which yet.

But come up tomorrow night and take in the whist party. It will be a good thing to help out a cause of this character by buying a ticket, anyway.

MRS. LYNCH RETURNS.

Mrs. Robert Lynch, who has been visiting friends and relatives in the Northern part of the State for the past two months, is expected to return home the latter part of the week.

URGENT NEEDS OF THE BELGIAN RELIEF COMMITTEE

Mrs. W. A. Boone of the Belgian Relief Committee has just received word from headquarters that additional clothing of a definite kind is needed and the list is as follows:

GIRLS' WEAR—Dresses, Skirts, Overcoats, Nightdresses, Drawers, Stockings (sizes 1-6), Undergarments, Petticoats, Suits (2-piece), Houses, Shoes.

BOYS' AND GIRLS' WEAR—Hooded caps, Pinafors, Woolen union suits.

INFANTS' WEAR—Swath-bands, swaddling clothes, Cradle Chemises, Bodices, Cradle dresses, Sweaters, Bonnets, Bibs, Neckerschiefs, Diapers, Shoes, Baby dresses, Hooded Jacks, Shawls, Socks.

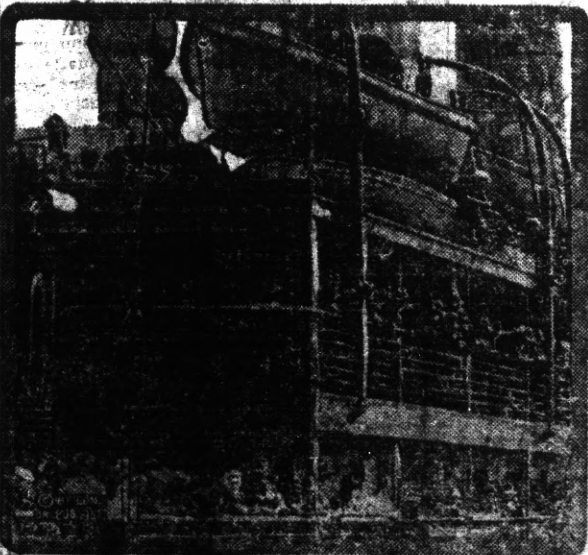

MISCELLANEOUS—Bed ticks, Bed sheets, Pillow cases, Blankets, Mufflers.

Woolen goods of any kind whatsoever are acceptable: soft hats and caps for all ages, and sweaters of any kind and size.

Men's shirts and pajamas, so worn or shrunken as no longer to be serviceable are particularly welcome, since the material can be utilized for making children's garments.

Remember to put in any pieces of new material that you may have as it can be used for making garments for babies, and the smaller children. And remember again that the drive is for this week only, so DO IT NOW.

YANKEE TRANSPORT REACHES OVERSEA DOCK

American troops have crowded hundreds of ships this spring and summer pouring through British and French ports on their way to Chateau Thierry and the Aisne-Marne front. So continuous are the columns of Americans march through British channel ports to embark for France that the English residents call it "the endless line."

Fourth Liberty Loan Bonds will provide more and bigger ships for more, but not better, soldiers to help the Hun in his retreat to Berlin.

ODD FELLOWS TO DANCE THIS EVENING

Twilight Lodge of Odd Fellows No. 119, will give a social and dance tonight at the Moose hall. The affair will be for the Odd Fellows, Rebekahs and their friends. A splendid program has been prepared and excellent music will be furnished for dancing following the program. The committee consists of Mr. C. Belphe, chairman; Mr. McLaughlin, Mr. Hunt, All Rebekahs and Odd Fellows invited.

HOW DO THEY DO IT, JOE? IT'S BEYOND ME

"How some these fellows with small salaries can always look so spry and span and yet have money to donate to every new war drive is more than I can figure out. I can't manage both, so I just go shabby."

ZEROLENE The Standard Oil for Motor Cars

The Popular Motor Oil

More ZEROLENE is used for automobiles on the Pacific Coast than all other oils combined. Leading motor car distributors praise ZEROLENE, correctly called from selected California asphalt-base crude, because it maintains its lubricating body at cylinder heat and gives perfect lubrication with less wear and less carbon deposit. Get our lubrication chart showing the correct consistency for your car.

STANDARD OIL COMPANY (California)

Correct Lubrication for the Air-Cooled Type Engine

Engines are either water-cooled or air-cooled. This, the air-cooled type, like all internal combustion engines, requires an oil that holds its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.
